## MANAGEMENT INFORMATION CIRCULAR

(Containing information as at May 20, 2025, unless indicated otherwise)

### *Solicitation of Proxies*

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Aurora Solar Technologies Inc. (the “**Company**”) for use at the Annual General Meeting (the “**Meeting**”) of Shareholders of the Company to be held on June 25, 2025 at the time and place and for the purposes set forth in the accompanying Notice of Meeting. It is expected that solicitations of proxies will be primarily by mail and possibly supplemented by telephone or other personal contact by directors, officers and employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company. The contents and the sending of this Circular have been approved by the directors of the Company.

### *Appointment of Proxies*

The individuals named in the accompanying form of proxy are nominees of the Company’s management. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person (who need not be a shareholder) to attend and act in your behalf, either by striking out the two printed names and inserting the name of your nominee in the blank space provided, or by completing another form of proxy.**

To be valid, a proxy must be dated and signed by the shareholder or by the shareholder’s attorney authorized in writing. In the case of a corporation, the proxy must be signed by a duly authorized officer of or an attorney for the corporation.

A proxy will not be valid unless the completed form of proxy is received by Computershare Trust Company of Canada, Proxy Department, 9<sup>th</sup> Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, by mail or fax at least 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or if the Meeting is adjourned, before the time that the Meeting is to be reconvened. Proxies delivered after such times will not be accepted.

### *Revocation of Proxies*

A shareholder who has given a proxy may revoke it at any time before the proxy is exercised by executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or by the registered shareholder’s authorized attorney in writing or, if the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company at 1600-409 Granville Street, Vancouver, British Columbia, V6C 1T2 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, or delivered to the Chair of the Meeting on the day of the Meeting or any adjournment of it; or by personally attending the Meeting and voting the registered shareholder’s Shares. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

### *Registered Shareholders*

If you are a registered shareholder, you may wish to vote by proxy whether or not you attend the Meeting in person. If you submit a proxy, you must complete, date and sign the Proxy and then return it to the Company’s transfer agent, Computershare Trust Company of Canada by fax within North America at 1-866-249-7755, outside North America at (416) 263-9524, or by mail or by hand delivery at 9<sup>th</sup> floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time that the Meeting or the adjournment of the Meeting at which the Proxy is to be used.

### *Non-Registered Shareholders*

**Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” or “beneficial” shareholders because the shares they own are not registered in their names, but are instead registered in the name of a nominee such as the brokerage firm through which they purchased their shares; a bank, trust company, trustee or administrator of self-administered RRSP’s, RRIF’s, RESP’s and similar plans; or a clearing agency such as The Canadian Depository for Securities**

**Limited (“CDS & CO.”). If you purchased your shares through a broker, you are likely a non-registered holder. Shareholders who do not hold their shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only registered shareholders may vote at the Meeting.** Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers’ clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meeting. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Company to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (formerly ADP Investor Communications Services) (“Broadridge”). Broadridge typically prepares a machine- readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of common shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

This Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“Objecting Beneficial Owners”, or “OBO’s”) and those who do not object to their identity being made known to the issuers of the securities they own (“Non-Objecting Beneficial Owners”, or “NOBO’s”). Subject to the provision of National Instrument 54-101 – Communication with Beneficial Owners of Securities of Reporting Issuers (“NI 54-101”) issuers may request and obtain a list of the NOBO’s from intermediaries via their transfer agents. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

The Company has decided to take advantage of the provisions of NI 54-101 that permit it to deliver proxy-related material directly to its NOBO’s. By choosing to send these materials to you directly, the Company (and not the intermediary holding common shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result, if you are a NOBO of the Company you can expect to receive a scannable Voting Instruction Form (“VIF”) from the Transfer Agent. Please complete and return the VIF to the Transfer Agent in the envelope provided or by facsimile. In addition, telephone voting and internet voting instructions can be found in the VIF. The Transfer Agent will tabulate the results of the VIF’s received from the Company’s NOBO’s and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIF’s they receive. The Company’s OBO’s can expect to be contacted by Broadridge or their brokers or their broker’s agents as set out above.

All references to shareholders in this Circular and accompanying form of Proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise.

### ***Voting of Proxies***

The shares represented by a properly executed proxy in favour of persons designated as proxyholders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be taken; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

**ON A POLL, SUCH SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.**

### **VOTES NECESSARY TO PASS RESOLUTIONS**

The Company's Articles provide that the quorum for the transaction of business at the Meeting is one or more persons present and being, or representing by proxy, two or more shareholders entitled to attend and vote at the Meeting

Shareholders will be asked to elect directors and appoint auditors for the ensuing year. If there are more nominees for election as directors or appointment as the Company's auditors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

### **VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES**

The board of directors (the "**Board**") of the Company has fixed May 20, 2025 as the record date for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

The Company is authorized to issue an unlimited number of Common Shares. As of May 20, 2025, there were 222,194,076 Common Shares issued and outstanding, each carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares.

To the knowledge of the directors and executive officers of the Company, as at May 20, 2025, no persons or companies beneficially owned, directly or indirectly, or exercised control over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company.

### **INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON**

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year end of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and as may be set out herein.

### **INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS**

For the purposes of this Information Circular, "informed person" means:

- (a) a director or executive officer of the Company;
- (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company;
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company, or a combination of both, carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company, other than voting securities held by the person or company as underwriter in the course of a distribution; and
- (d) the Company if it has purchased, redeemed or otherwise acquired any of its own securities, for so long

as it holds any of its securities.

No informed person, no proposed director of the Company and no associate or affiliate of any such informed person or proposed director, has any material interest, direct or indirect, in any material transaction since the commencement of the Company's last completed financial year or in any proposed transaction, which in either case, has materially affected or will materially affect the Company or any of its subsidiaries.

Reference is made to the section entitled "Related Party Transactions" in the Company's Management Discussion and Analysis for the year ended March 31, 2024 (the "**MD&A**"), which section is incorporated by reference herein, for particulars of certain related party transactions between the Company and certain of its directors and officers and their associates. The MD&A has been filed on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca). Upon request, the Company will promptly provide a copy of the MD&A free of charge to any security holder of the Company.

The 2023 Plan is a "fixed" stock option plan, whereby the aggregate number of Shares reserved for issuance, together with any other Shares reserved for issuance under any other plan or agreement of the Company, shall not exceed twenty percent (20%) of the total number of issued Shares (calculated on a non-diluted basis) at the time the Plan was last approved by shareholders. ### **Oversight and Description of Director and NEO Compensation**

The Company has a compensation committee (the "**Compensation Committee**") comprised of David Toyoda (Chair), Roger Buckeridge and James Tunkey. David Toyoda and James Tunkey are independent.

The Company has adopted a charter which outlines the policies and practices adopted to determine the compensation for the Company's directors and executive officers. The charter includes the following responsibilities, powers and operations of the Compensation Committee:

Board Compensation – Periodically review the compensation paid to non-employee directors and make recommendations to the board for any adjustments.

Chief Executive Officer Compensation – Assist the Board in establishing CEO annual goals and objectives.

Other Executive Officer Compensation – Oversee and evaluation of the performance of the Company’s executive officers and approve the annual compensation, including salary and incentive compensation for the executive officers.

Other Officer Compensation – Review and approve the compensation structure for executives at the level of vice president and above, other than executive officers.

General Compensation Oversight – Monitor and evaluate matters relating to the compensation and benefits structure of the Company as it deems appropriate, including:

- Provide guidance to management on significant issues affecting compensation philosophy or policy,
- Provide input to management on whether compensation arrangements for Company executive provide any incentive for unnecessary and excessive risk taking,
- Review and approve policies regarding CEO and other executive officer compensation.

#### Equity and Other Benefit Plan Oversight

- Administer the Company’s equity-based and employee benefit plans, and perform the duties under those plans,
- Appoint and remove plan administrators for the Company’s benefits plans for the Company’s employees and perform other duties that the Board may have with respect to the Company’s retirement plans. The Company’s executive compensation program comprises three elements: base salary, bonus incentives and equity participation. The compensation program is designed to pay for performance. Employees, including senior executives, are rewarded for the achievement of annual operating and financial goals, progress in executing the Company’s long-term growth strategy and delivering strong total shareholder return performance.

The Company reviews industry compensation information and compares its level of overall compensation with those of comparable sized technology companies but does not use a peer group. Generally, the Company targets base management fees at levels approximating those holding similar positions in comparably sized companies in the industry and hopes to achieve competitive compensation levels through the fixed and variable components.

Compensation practices, including the mix of base management fees, short-term incentives and long-term incentives, are regularly assessed to ensure they are competitive, take account of the external market trends and support the Company's long-term growth strategies.

#### *Base Compensation*

In the Board’s view, paying base salaries or management fees which are competitive in the markets in which the Company operates is a first step to attracting and retaining talented, qualified and effective executives. Base compensation is compensation for discharging job responsibilities and reflects the level of skills and capabilities demonstrated by the executive. Annual adjustments take into account the market value of the role and the executive’s demonstration of capability during the year.

In addition to base salaries to executives, effective April 1, 2024, the Company began paying its independent directors \$4,000 monthly.

#### *Bonus Incentive Compensation*

The Company’s objective is to achieve certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the executive meeting those strategic objectives and milestones, the executive’s individual performance and sufficient cash resources being available for the granting of bonuses.

#### *Equity Participation*

The Company believes that attracting and encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its Shareholders. Equity participation is accomplished through the

2024 Plan. Stock options are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive market based factors. The amounts and terms of options granted are determined by the Board.

#### *Option-Based Awards*

Stock options are granted to provide an incentive to the directors, officers, employees and consultants of the Company to achieve the long-term objectives of the Company; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Company; and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire and increase proprietary interest in the Company. The Company awards stock options based upon the recommendation of the Compensation Committee. Previous grants of incentive stock options are taken into account when considering new grants.

#### **Pension Benefits**

The Company does not have a pension benefit arrangement under which the Company have made payments to the directors and or Named Executive Officers of the Company during its fiscal year ended March 31, 2022 or intends to make payments to the Company's directors or Named Executive Officers upon their retirement (other than the payments set out above and those made, if any, pursuant to the Canada Pension Plan or any government plan similar to it).

## CORPORATE GOVERNANCE

### General

“Corporate Governance” refers to the process and structure used to direct and manage the business and affairs of a company. The objective is to enhance shareholder value, including ensuring the financial viability of the business. Corporate governance processes and structure define the division of power among shareholders, the board of directors and management, and establish ways to ensure accountability. They also take into account how the direction and management of the business will affect other stakeholders such as employees, customers, suppliers and communities.

The Canadian Securities Administrators have adopted two National Instruments, 58-201 *Corporate Governance Guidelines* (“**NI-58-201**”) and 58-101 *Disclosure of Corporate Governance Practices* (“**NI 58-101**”).

NI58-201 sets forth a set of guidelines or “best practices” for reporting issuers to consider when evaluating their own corporate governance practices. Recognizing that not all of the guidelines set for in NI 58-210 will be appropriate for all companies, full implementation of the guidelines is not mandated by either NI 58-201 or the TSX Venture Exchange (the “**Exchange**”). NI 58-101 mandates the disclosure of the corporate governance practices actually implemented by a reporting company, in certain prescribed disclosure documents.

As the business of the Company is straightforward, the Company is at an early stage of development and its Board is relatively small, the Company’s Corporate Governance practices are at an early stage of evolution. The following describes the Company’s approach to corporate governance, in compliance with NI 58-101.

### 1. Board of Directors

The Company’s Board currently consists of a total of four directors, Kevin Dodds, David Toyoda, Roger Buckeridge and James Tunkey. David Toyoda and James Tunkey are independent. Kevin Dodds is not independent due to holding or having recently held senior officer positions, or acting or having recently acted in a consulting capacity with the Company.

### 2. Directorships

The following directors are presently directors of the other reporting issuers listed below:

Director	Name of Reporting Issuer	Name of Exchange	Position
David Toyoda	Paloma Resources Inc.	TSX-V (NEX)	Director
	Lite Access Technologies Inc.	TSX-V	Director
	Mithril Silver and Gold Limited	TSX-V	Director
James Tunkey	Gold Reserve Inc.	TSX-V	Director

### 3. Orientation and Continuing Education

The Company does not have a formal process of orientation for new Board members. Each new director brings a different skill set and professional background, and with this information, the Board is able to determine what orientation to the nature and operations of the Company’s business will be necessary and relevant to each new director.

The Company does not have a formal process of continuing education for its directors. Generally, the Company expects that existing and new Board members will establish and maintain familiarity with the photovoltaic (solar) products industry. Professional advisors may be invited to attend Board meetings, as needed. The Company also relies on the established qualifications and expertise of its Board members.

### 4. Ethical Business Conduct

The Board of Directors relies on the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law to ensure the Board operates independently of management and in the best interests of the Company. The Board of Directors has found that these, combined with the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest, have been sufficient.

## **5. Nomination of Directors**

The Board of Directors considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders. The Board takes into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts through formal and informal discussions among Board members and the CEO. New candidates are evaluated by the Nominations Committee, comprised of Roger Buckeridge (Chair), Kevin Dodds, David Toyoda and James Tunkey, and if (s)he meets Board approval, an invitation to that candidate to join the Board will be put forward.

## **6. Compensation**

The Company's Board has a Compensation Committee consisting of David Toyoda (Chair), Roger Buckeridge and James Tunkey. The Compensation Committee sets cash compensation for the Company's CEO, COO and CFO and other senior management personnel and reviews the CEO's recommendations respecting compensation of the other officers of the Company. Stock options are set by the Compensation Committee and then granted by the full Board.

## **7. Other Board Committees**

In addition to its Audit Committee, Compensation Committee and Nominations Committee, the Company has a Corporate Governance Committee and the members are David Toyoda (Chair), Roger Buckeridge and James Tunkey.

As the Company grows the Board will likely find it appropriate to constitute additional formal standing committees, and to ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

## **8. Assessments**

The Board has no specific procedures for regularly assessing the effectiveness and contribution of the Board, its committees or individual directors. As the business of the Company is relatively straightforward and its Board relatively small, it is expected that a significant lack of performance on the part of a committee or individual director would become readily apparent, and could be dealt with on a case-by-case basis.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances, that control and monitor management and corporate functions without excessive administrative burden.

## **AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR**

National Instrument 52-110 of the Canadian Securities Administrators ("NI-52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its Audit Committee and its relationship with its independent auditor, as set forth in the following.

## **5. Approval of New Fixed Stock Option Plan**

Management seeks shareholder approval to adopt a new 2024 stock option plan (the “**2024 Plan**”) which will be a fixed number stock option plan reserving common shares for issuance in accordance with and subject to the rules and policies of the Exchange. Under the 2024 Plan, 44,438,815 common shares may be reserved under incentive stock options to be granted.

### **Regulatory Requirements**

The Company’s common shares trade on the Exchange, which requires that listed companies obtain the approval of their shareholders for stock option plans.

Disinterested shareholder approval of stock options must be obtained where:

- (a) a stock option plan, together with all of the Company’s other previously established and outstanding stock option plans or grants could result at any time in:
  - (i) the number of shares reserved for issuance under stock options granted to Insiders as a group exceeding 10% of the issued shares;

- (ii) the grant to Insiders as a group, within a 12 month period, of a number of options exceeding 10% of the issued shares; or

- (b) associates and affiliates of persons referred to in item (i) above.

The term "Insider" is defined in the *Securities Act* (British Columbia) and generally includes directors, senior officers and holders of greater than 10% of the voting securities of the Company.

The Company's Insiders will participate in the 2024 Plan. While it is not expected that Insiders, as a group, will necessarily acquire the majority of shares allocated under the 2024 Plan, it is possible that this could happen.

### **Disinterested Shareholder Approval**

To meet all of the requirements of the Exchange, the Company must obtain the approval of its disinterested shareholders for the 2024 Plan. See "Regulatory Requirements".

Accordingly, disinterested shareholders will be asked to consider and, if thought fit, pass the following ordinary resolution:

1. The Company adopt the 2024 Plan, reserving for issuance under the 2024 Plan 44,438,815 common shares of the Company;
2. The Company is hereby authorized to grant stock options under the 2024 Plan in accordance with its terms;
3. The Board of Directors be authorized on behalf of the Company to make any further amendments to the 2024 Plan as may be required by regulatory authorities, without further approval of the shareholders of the Company, in order to ensure adoption of the 2024 Plan;
4. The Company file the 2024 Plan with the Exchange for acceptance; and
5. Any one director or officer of the Company is authorized and directed to do all such acts and things and to execute and deliver all such deeds, documents, instruments and assurances as in his opinion may be necessary or desirable to give effect to this resolution."

For the purposes of the vote, all of the Company's insiders, and their associates and affiliates may not vote on the matter.

Terms of the 2024 Plan. A full copy of the 2024 Plan will be available at the Meeting for review by shareholders. Shareholders may also obtain copies of the 2024 Plan from the Company prior to the meeting on written request. The following is a summary of the material terms of the 2024 Plan:

Number of Shares Reserved. The maximum number of common shares that may be reserved for issuance under the 2024 Plan will be 44,438,815 common shares.

Administration. The 2024 Plan is to be administered by the Board of the Company or by a committee to which such authority is delegated by the Board from time to time.

Option Holders. The 2024 Plan provides that stock options may be issued to employees, officers, directors and consultants of the Company or any companies of which all of the voting securities are beneficially owned by one or more of the foregoing.

Board Discretion. The 2024 Plan provides that, generally, the number of shares subject to each stock option, the exercise price, the expiry time, the extent to which such stock option is exercisable and other terms and conditions relating to such stock options shall be determined by the Board of the Company or any committee to which such authority is delegated by the Board from time to time, subject to the policies of the TSX Venture Exchange.

Maximum Term of Options. Stock options granted under the 2024 Plan will be for a term not exceeding ten years from the date of grant.

Blackout Period Extension. If a stock option is set to expire during a “blackout period” formally imposed by the Company, the expiry date of such stock option may be extended to no later than 10 business days following the expiry of the blackout period.

Maximum Options per Person. The number of shares reserved for issuance to any one option holder pursuant to stock options granted under the 2024 Plan during any twelve-month period may not exceed 5% (or, in the case of a consultant, 2%) of the issued and outstanding shares of the Company at the time of grant. The number of shares reserved for issuance to consultants and employees who are engaged in investor relations activities is limited to an aggregate of 2% of the issued and outstanding shares of the Company at the time of grant.

No Assignment. The stock options may not be assigned or transferred.

Termination Prior to Expiry. Generally, stock options must expire and terminate on a date stipulated by the Board at the time of grant and, in any event, must terminate within a reasonable time following the date on which the option holder ceases to be an employee, officer, director or consultant. If an option holder dies, the stock options of the deceased option holder will be exercisable by his or her legal representatives for a period not exceeding 12 months or the balance of the term of the stock options, whichever is shorter.

Vesting. Subject to the discretion of the Board, stock options granted under the terms of the 2024 Plan will fully vest on the date of grant of such stock options. In accordance with the policies of the Exchange, stock options issued to Consultants performing investor relations services must vest in stages over a minimum of twelve months with no more than  $\frac{1}{4}$  of the stock options vesting in any 3-month period. In the event of an offer which may result in the offeror exercising control over the Company, any unvested options will immediately become vested and exercisable by the holder.

Hold Period. Stock options granted under the terms of the 2024 Plan where the exercise price is based on the discounted market price and all shares issued on the exercise of such stock options will be subject to a four-month Exchange hold period from the date the stock options are granted.

Full Payment for Shares. The Company will not issue shares pursuant to stock options granted under the 2024 Plan unless and until the shares have been fully paid for subject to the Net Exercise procedure set out below.

Net Exercise. Stock options, excluding option held by investor relations service providers, may be exercised by a holder with out making any cash payment so the Company does not receive any cash from the exercise of the options, and instead the holder shall receive only the number of underlying shares that is equal to the quotient obtained by dividing: (A) the product of the number of options being exercised multiplied by the difference between the VWAP (as defined in TSX Venture Policy 4.4) of the underlying shares and the option exercise price; by (B) the VWAP of the underlying shares.

Reduction of Exercise Price. The exercise price of stock options granted to Insiders may not be decreased without disinterested shareholder approval.

Exchange's Rules and Policies Apply. In the event of an inconsistency between the terms of the 2024 Plan and the rules and policies of the Exchange and the securities commissions, the rules and policies of the Exchange and securities commissions will govern.

Termination of Plan. The 2024 Plan will terminate only by a resolution of the Board or by the Company's shareholders. Any options outstanding when the 2024 Plan is terminated will remain in effect until they are exercised, or they expire.
